**Declarant, Christopher B. Garvey, a citizen of the United States, declares:**

On Feb. 14, 2001, a *Provisional Patent Application* 60/268,511 was filed that provides priority to this application. The Assignment of that Application to POP was signed by the three co-inventors on January 11, 2001, assigning:

all right, title and interest for the United States, its territories and possessions in and to his invention relating to

**Hook and Hang Display System With Plug-In Bullnose Header Module**

**That assignment further obligated all the co-inventors to the following:**

Each of the undersigned further covenants and agrees that at any time upon request of said ASSIGNEE, its successors, legal representatives or assigns he will communicate to said ASSIGNEE, its successors, legal representatives or assigns all information known to him relating to said invention or patent application and that he will execute and deliver any papers, make all rightful oaths, testify in any legal proceedings and perform all other lawful acts deemed necessary or desirable by said ASSIGNEE, its successors, legal representatives or assigns to perfect title to said invention, to said application including divisions and continuations thereof and to any and all Letters Patent which may be granted therefor or thereon, including reissues or extensions, in said ASSIGNEE, its successors, or assigns or to assist said ASSIGNEE, its successors, legal representatives or assigns in obtaining, reissuing or enforcing Letters Patent of the United States for said invention;

I am informed that on or about July 27, 2001, co-inventor Vincent Rosa became no longer in the employ of Assignee. On or about January 17, 2002, co-inventor Chico Basdeo became no longer in the employ of Assignee. As the deadline for filing the present Utility Application approached,

I was told by Valerie Vignola that she had not been able to obtain the signatures of two of the inventors: Chico Basdeo and Vincent Rosa.

On or about August 14, 2002, Valerie Vignola told me that she had spoken by phone with Chico Basdeo and spoke with Vincent Rosa. She had asked each of them to sign the *Inventors' Declaration and Power of Attorney* in this application. Each refused.

I have tried numerous times since then to call Vincent Rosa to ask him to sign the *Inventors' Declaration*. No one answers. I have express mailed to him the Application, Assignment, and *Inventors' Declaration*, with the attached letter of Sept. 26, 2002, but I have received no response.

I have spoken with Chico Basdeo several times since August 14, 2002. Twice he indicated a desire to speak to his lawyer first, but he declined to identify his lawyer to me. I emailed him:

the assignment,  
an image file of the signed assignment,  
the application, and  
the *Inventors' Declaration and Power of Attorney*.

See the attached emails.

On September 26 Chico Basdeo indicated that he would probably refuse to sign but wanted to speak to his attorney on the next day.

About 8 PM on Sept, 27 he said he had seen all the above documents, and he still refused to sign the *Inventors' Declaration and Power of Attorney*.
